The Honourable Naftali Bennett
Prime Minister of Israel

The Honourable Yair Lapid
Foreign Minister and Alternate Prime Minister of Israel

Dear Sirs,

On behalf of the leadership and global following of the International Christian Embassy Jerusalem, allow me to extend our warmest congratulations to you on the formation and approval of a new government in Israel. There is much responsibility on your shoulders now, but we know you represent a new generation of forward-looking leaders who care deeply about Israel's future. We hope and pray your government and cabinet will bring stability and success to the entire nation.

We also want to reassure you and the Israeli people that Christian support for your nation is steadfast and anchored in timeless biblical principles. You can rely on us to always be responsible partners with Israel as we seek to make practical and constructive contributions to the safety and well-being of the whole nation, while respecting Israel as a democracy to make its own internal decisions.

We consider it a privilege and our moral duty to stand in friendship and solidarity with Israel, to fight antisemitism around the world, and to contribute towards peaceful relations between Jews and Arabs in the Land, and between Israel and its Arab neighbours.

May God bless and keep Israel!

Respectfully yours,

Dr. Jürgen Bühler
President
International Christian Embassy Jerusalem
