Dear Mr. President,

On behalf of more than 55,000 Americans, I am writing to forward the enclosed petition titled "No Bombs for Iran." This petition represents the united voice of tens of thousands of concerned citizens who believe that Iran must never be permitted to develop or acquire nuclear weapons.

We want to begin by thanking you for your unwavering support for Israel during your first administration. From recognizing Jerusalem as Israel's capital to withdrawing from the disastrous Iran nuclear deal, your leadership demonstrated moral clarity and a firm commitment to the security of both the United States and its closest ally in the Middle East. Your actions sent a strong message that threats against Israel will not be tolerated and that the regime in Tehran will be held accountable.

Today, the threat posed by a nuclear Iran remains as urgent as ever. Iran's leaders continue to make genocidal threats against Israel and destabilize the region through terror proxies and malign activities. We urge you to once again lead with strength and resolve to ensure that Iran is never able to realize its nuclear ambitions.

As Isaiah 62:1 proclaims, "For Zion's sake I will not keep silent, for Jerusalem's sake I will not remain quiet." In this same spirit, we raise our voices on behalf of Israel and all who seek peace and security.

Thank you again for your past actions and continued advocacy. We pray that your leadership will once more help secure a future free from the threat of a nuclear-armed Iran.

Respectfully,

Dr. Susan M. Michael
